Multiplication

Division

x and ÷ from left to right

Addition

Subtraction

+ and - from left to right

Name \_\_\_\_\_

# PEMDAS Answer Sheet

Use PEMDAS to solve the equations

**P**arentheses   **E**xponents   **M**ultiplication   **D**ivision   **A**ddition   **S**ubtraction

$$24 - (3^2 + 4) = 11$$

4
