$$6.9 - 4.6 = 2.3$$

$$2.3 = 2 \text{ feet}$$

3. Oak town got 1.7 inches of snow in December, 2.4 inches in January, and 2.5 inches in February. How many inches did the town get over 3 months? Round the final answer to the nearest whole number.

$$1.7 + 2.4 + 2.5 = 6.6$$

$$6.6 = 7 \text{ feet}$$
