

Let's be a teacher!

It's the end of the school year, you are calculating the average points of all the tests for each student. Fill in the blanks below, the first one has been done for you as an example.

Math Class Test Results and Average

(Hint: To calculate the average, add up the points of all three tests, then divide the sum by the number of tests, in this case it would be 3)

	Name	1 st Test	2 nd Test	3 rd Test	Average
1.	Annie	82	87	83	84

PREVIEW
