1. Mrs. Rose is getting ready to pay. How much money does she need to prepare in order to pay for all the items above?

$$3+1+1+1+5+4+6+5+8 \\ = \$34$$

2. Mrs. Rose suddenly remembered that she already bought laundry detergent two days ago, so she quickly put it away and got back in the line. What would her total be now?

$$34-8 \\ = \$26$$
