4. Mom gave Raymond \$9. He spent \$6 for lunch. How much does he have left?
5. Lucy took 3 eggs from a carton that has a dozen eggs. How many eggs are left?

Simple Subtraction

Use subtraction to solve the problems below. Show your work.

1. It was sunny 4 days last week. The rest of the days were rainy.
How many rainy days were there last week?

$$7 - 4 = 3 \text{ rainy days}$$

2. In a soccer game, the red team scored 5 goals, and the green team scored 2 goals less than the red team. How many goals did
