# The Lost Puppy

Read the story below then answer the questions.

Tom was playing in the park when he noticed a little puppy all alone. The puppy was scared and shivering. He looked all around him to try and find the puppy's owners, but they were nowhere to be found at the park. Finally, Tom decided to take the puppy home with him.

Tom's mom helped him give the puppy food, water and a warm blanket. They put up posters around the park and throughout the town to find the puppy's owner. Two weeks later, nobody seemed to be missing a lost puppy. Tom felt happy that he had found the puppy.
