The Moon's Song

Every night, the Moon sings a quiet song to the Earth. As it rises in the sky, the Moon whispers to the waves, urging them to dance along the shore. The trees listen intently, swaying to the Moon's soothing melody. Even the stars seem to join in, twinkling brighter as the Moon's song fills the night.

Name _____

Exploring Personification 3 Part 2

Questions:

1. What does the Moon do every night in this story?

2. How does the Moon interact with the waves?

3. Wh
